Learn and Play Together

Installation guide for **Windows 7**, **8**, and **10** users

STEP 1 Open the Badanamu Applications page (http://www.badanamu.com/applications/).

> (!) Internet Explorer users please update to version 9 or later.
> Badanamu downloads are Chrome, Edge, and Mozilla compatible.
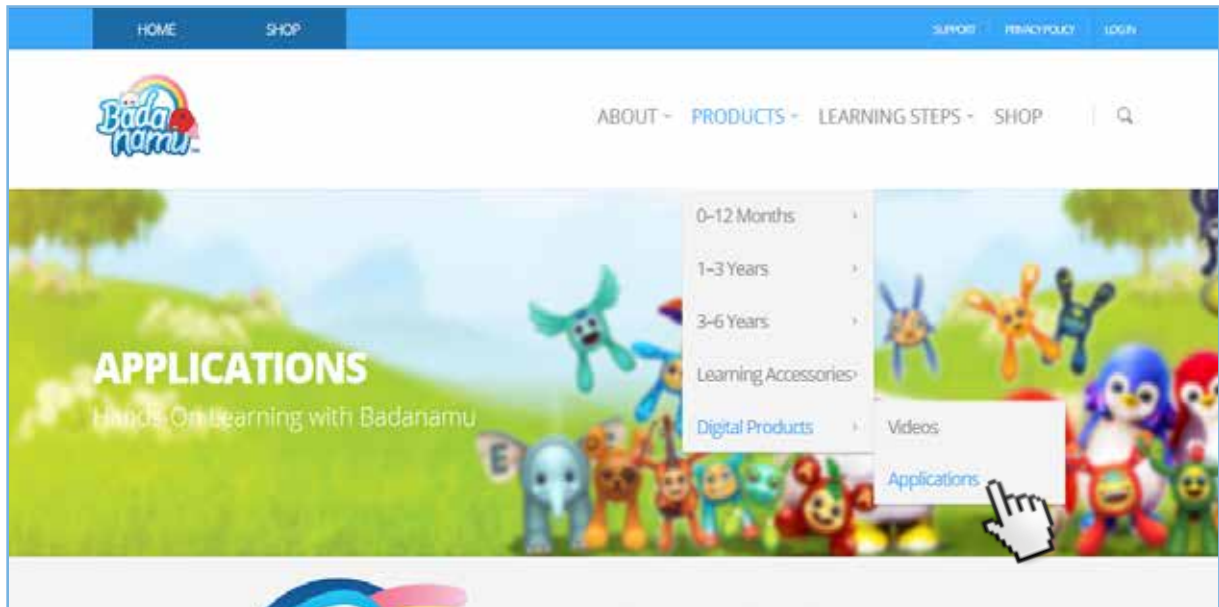

STEP 2 Download Badanamu World for Windows.
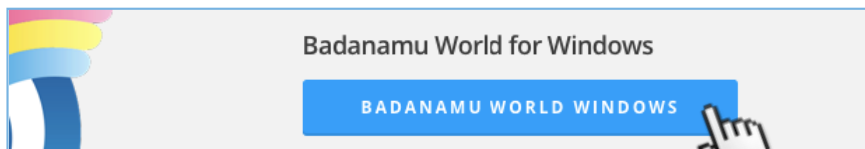

Click **Download**.

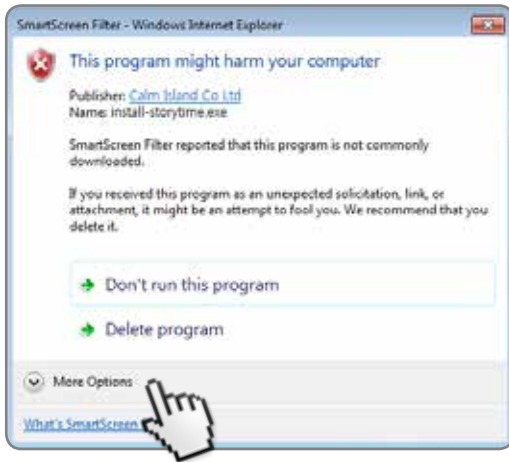

Click **Save** at the bottom of the screen.

Click **Run**.

If this window does not appear, you can run the installation file from your downloads folder.

STEP 3 Pass the Window's SmartScreen Filter.
- If you do not see the Windows SmartScreen Filter, go on to step 4.
- If your anti-virus software flags the Badanamu install file, please disable the program during installation.
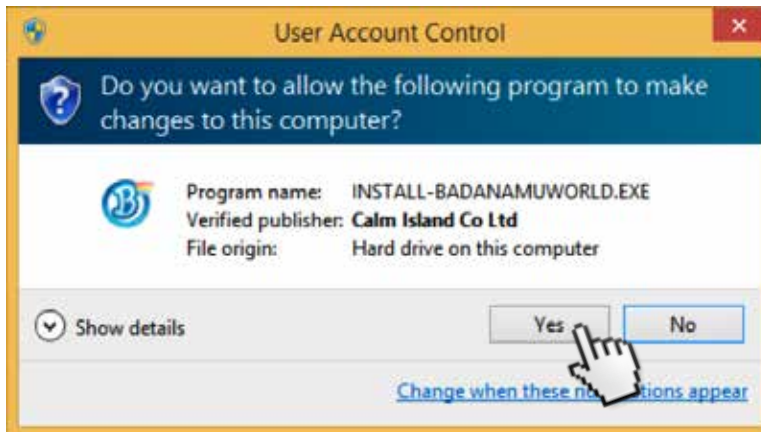

Click **More Options**.

Click **Run anyway**.

STEP 4 Allow user account control.
- If you do not see the User Account Control window, go on to step 5.

Click **Yes**.
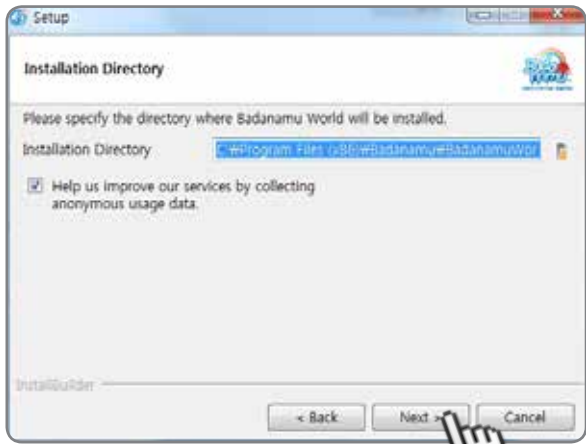

STEP 5 Start installation.

Select the language. Then click **OK**.

This is the language for the installation only.
Badanamu World always displays in English.

Click **Next**.

STEP 6 Select the install folder.
